Internship from 02/09/2024 Research & Development

Education

CESI Engineering School 2021 – Today

CESI is an engineering school, and I chose to focus on IT, which enabled me to learn the fundamentals of IT, as well as those of project management.

General Baccalaureate 2021

Albert Camus High School

Specialties:

- Mathematics
- Numerical and Computer Sciences
- Physics-Chemistry (11th Grade Only)

Experience

Internship at the TechLab of the school of Mines Nancy 2024

Internship in a computer science research and development laboratory, specializing in AI, web development and robotics.

This internship gave me the opportunity to discover the world of research, which is a field I'd like to move into in the future.

Internship at DesJoyaux Pools 2023

End-of-second-year internship at CESI, I did this internship in the IT department of DesJoyaux Pools with the aim of discovering the business world. I was able to acquire a lot of new skills, such as learning to use Flutter, Firebase, Salesforce and Node.js
